

Name: _____

Complete each number sentence.

There are 5 frogs in the pond. 2 more frogs jump in. How many frogs are in the pond now? Draw a box around the frogs. Trace the mystery box and write the answer.

$$\boxed{5} + \boxed{2} = \boxed{}$$

There are 3 fish swimming. Draw 3 more. How many fish are swimming now? Draw a box around the fish, trace the mystery box. Write the answer.

$$\boxed{3} + \boxed{3} = \boxed{}$$

There is 1 octopus near the shore. 7 more swim over. How many octopuses are near the shore now? Draw a box around the octopuses. Draw the mystery box and write the answer.

$$\boxed{1} + \boxed{7} = \phantom{\boxed{}}$$

Name: _____

Listen to the math story. Create an illustration that matches. There were 4 dolphins near the boat. 3 more swam over. How many dolphins are near the boat now? Draw a box around all of the dolphins and the answer.

$$\boxed{4} + \boxed{3} = \boxed{}$$

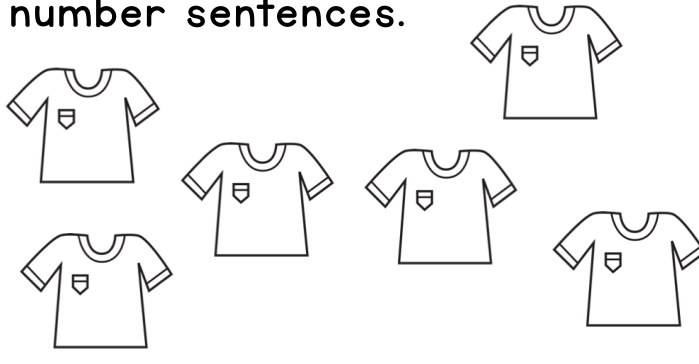

Listen to the math story. Create an illustration that matches. There were 6 seashells on the beach. 2 more washed up on the shore. How many seashells are on the beach now? Draw a box around the seashells and the answer.

$$\boxed{6} + \boxed{2} = \phantom{\boxed{}}$$

Name: _____

Complete each number sentence.

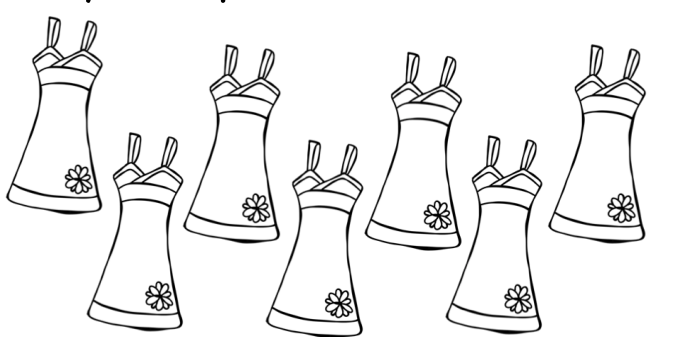

There are 3 red shirts and 3 blue shirts. How many shirts are there? Color the shirts to match the math story. Complete the number sentences.

Two empty number sentences for completion:

$$\begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array}$$
$$\begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array}$$

Ashley has 3 yellow dresses and 4 blue dresses. How many dresses does she have? Color the dresses to match the math story. Complete the number sentences.

Two empty number sentences for completion:

$$\begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array}$$
$$\begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array}$$

Lia has 2 green hats and 6 blue hats. How many hats does she have? Color the hats to match the math story. Complete the number sentences.

Two empty number sentences for completion:

$$\begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array}$$
$$\begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array}$$

Name: _____

Listen and draw. Jose is building a castle with blocks. He uses 2 square blocks and 4 triangle blocks. How many blocks does he use?

$$\begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array}$$

Listen and draw. Isabella is making a necklace with beads. She has 5 green beads and 2 yellow beads. How many beads does Isabella have?

$$\begin{array}{c} \square \\ \square \end{array} = \begin{array}{c} \square \\ \square \end{array} + \begin{array}{c} \square \\ \square \end{array}$$

Name: _____

Guadalupe has 7 flowers. Some are yellow and some are purple. Write a number sentence to show how many might be yellow and how many might be purple.

$$\boxed{7} = \boxed{} + \boxed{}$$

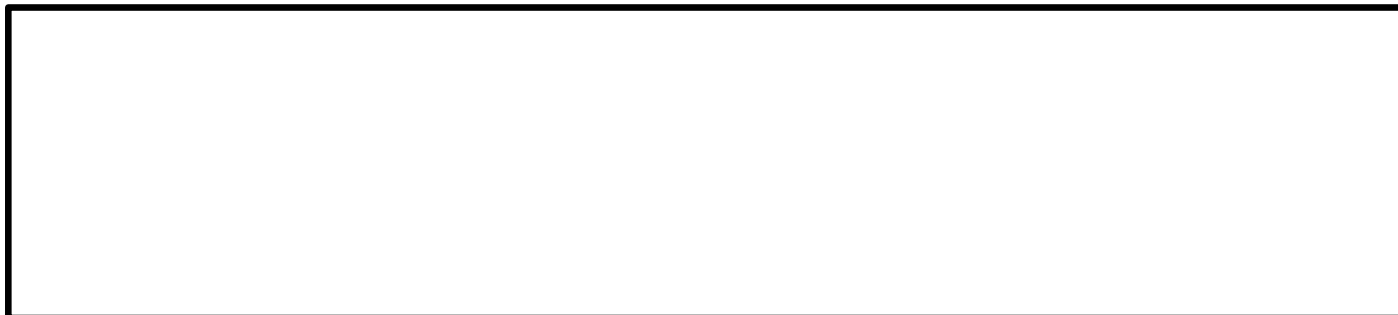

Joseph has 6 tools. He used some of the tools to build a fort and he put the rest in his tool box. Use the linking cubes to show how many tools might be using and how many might be in his tool box.

$$\begin{array}{c} \boxed{} = \boxed{} + \boxed{} \\ \boxed{} + \boxed{} = \boxed{} \end{array}$$

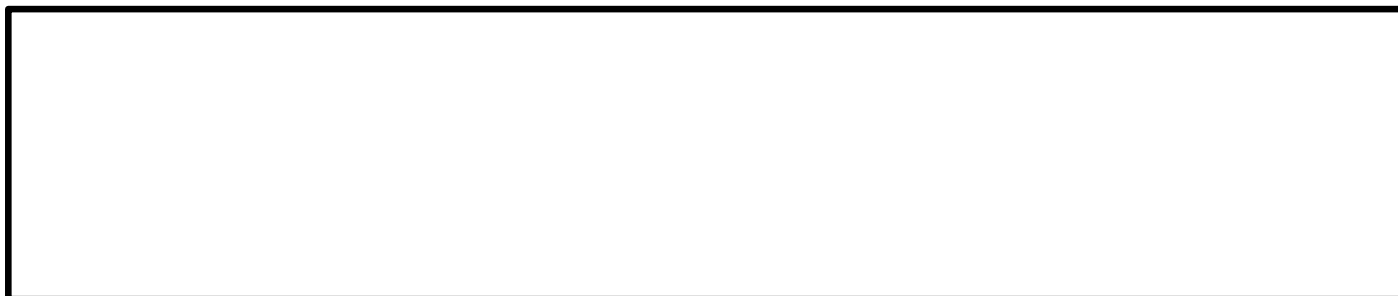

Name: _____

Amanda made 8 cookies. She made some sugar cookies and some chocolate chip cookies. Draw the cookies and fill in the number sentences to match your illustration.

$$\begin{array}{ccccc} \square & = & \square & + & \square \\ \square & + & \square & = & \square \end{array}$$

Create your own math story and draw a picture. Fill in the number sentences. Share your story with a friend.

$$\begin{array}{ccccc} \square & = & \square & + & \square \\ \square & + & \square & = & \square \end{array}$$

Name: _____

Complete each number sentence.

The dog ate 2 bones. Cross out 2 bones. Write how many bones are left.

The elephant ate 5 peanuts. Cross out 5 peanuts. Write how many peanuts are left.

The pig ate 3 ears of corn. Cross out 3 ears of corn. Write how many ears of corn are left.

Name: _____

Draw 5 cookies. The girl ate 3 cookies. How many cookies are left?

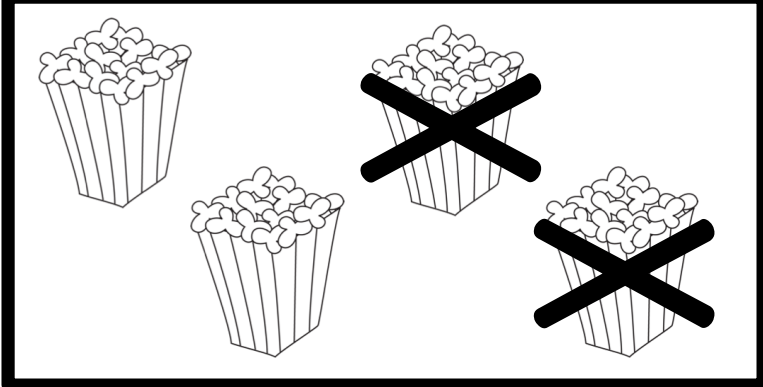

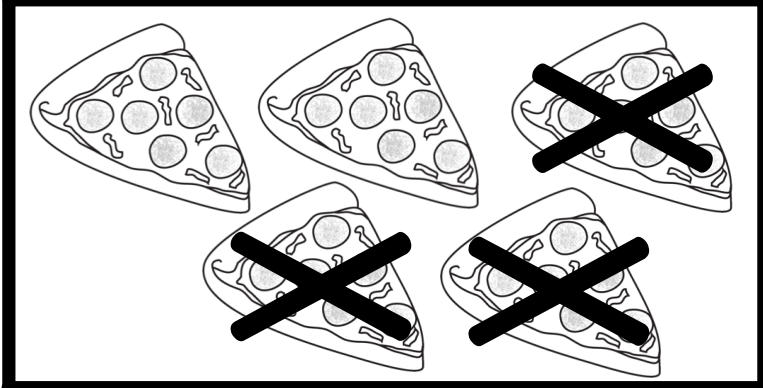

There are 6 apples on the tree. Draw the apples. 1 of the apples falls off the tree. Cross that apple out. How many apples are left in the tree?

Name: _____

Draw a line to match each picture to the correct number sentence.

$$5 - 1 = 4$$

$$3 - 2 = 1$$

$$4 - 2 = 2$$

$$5 - 3 = 2$$

Name: _____

Cross out the cookies to match the number sentences.

$$6 - 2 = 4$$

$$6 - 3 = 3$$

$$7 - 1 = 6$$

$$7 - 3 = 4$$

$$8 - 2 = 6$$

$$8 - 4 = 4$$
