

## **FUNKY JUNK! Bottle Shakers**

**A cheap and cheerful way to get your whole class exploring beats and rhythms!  
Ideal for the outdoor classroom.**

Shake scrape and beat all in one cute little bottle!

Collect small plastic milk bottles ( and the caps!)

If you're lucky enough to have free milk in school, don't throw the bottles away...fill with seeds, rice, beans – whatever you can find! If the bottles have a ridged side use our rhythm sticks as scrapers, or simply beat the sides.

Organise according to colours of the tops and creates your own percussion band!

**Use with our  
KODALY-inspired Rhythm Cards!**
