

Name _____

What makes the color black?

Purpose: To find out what colors make up black.

Hypothesis: I think _____

Materials Needed:

- Coffee filter
- Black marker (NOT a permanent marker)
- Glass of water

Procedure: Make a black ring or circle in the center of a coffee filter. Fold the coffee filter in half and then fold it in half once more to create a cone/triangle shape. Place the tip of the coffee filter in a glass with some water. Wait until the water travels to the edge of the coffee filter. Place the coffee filter on a paper towel to dry.

Results/Observations: _____

Conclusion: I learned _____
